

Course Overview and Pre-Enrolment Information

- Undertake Initial Rescue -

COURSE OVERVIEW

This course applies to a person who is required to affect an initial rescue arising from an incident on or off-shore. It could apply to any person operating as a team member in a facility and may involve a confined space. This person might typically respond to an incident team leader once the incident is declared. Topics covered in this course include responding to the incident surroundings, determining the condition of the person, determining the appropriate rescue method, using specialized rescue equipment and conveying information to others.

QUALIFICATION INFORMATION

Upon successful completion of this course, participants will be awarded with the following:

PMAOMIR301 – Undertake Initial Rescue

This unit is nationally recognised and has been taken from the PMA Chemical, hydrocarbons and refining Training Package.
