Requirements for First Aid Training

There are many providers delivering First Aid and using many different Units of Competency (UOC). Depending on your industry some of these units are a legislative requirement.

The Courses / Units below are ***Nationally Recognised***. The following should be used as a guide to determine the units you require for your workplace.

Childcare and early learning centres:

HLTAID004 – Provide an emergency first aid response in an education and care setting (Covers level two first aid, CPR, anaphylaxis and asthma management) (refreshed every three years in NSW) (CPR and Anaphylaxis to be refreshed every 12 months in VIC)

HLTAID001 – Provide CPR (recommended 12 monthly)

22024VIC – Course in emergency management of Asthma (12 monthly VIC)

22099VIC – Course in emergency management of Anaphylaxis (12 monthly VIC)

[\(Education and Care Services National Regulations 2011, Division 6, Part 136\)](#)

General workplaces:

HLTAID001 – Provide CPR (refreshed every 12 months recommended)

HLTAID003 – Provide first aid (refreshed every three years)

Often referred to as *level two* or *senior first aid*

HLTSS00027 – Occupational First Aid (refreshed every 3 years)

(Includes **HLTAID006** – Provide advanced first aid, **HLTAID007** – Provide advanced resuscitation, **HLTAID008** – Manage first aid services and resources)

[\(Work Health and Safety Regulations 2011 Division 3, Part 42\)](#)

Electricians:

HLTAID001 – Provide CPR (refreshed 12 monthly)

UETTDRRF06B – Conduct low voltage rescue (refreshed 12 monthly)

[\(Work Health and Safety Regulations 2011, Division 4, Part 161\)](#)
