

The MSA WORKMAN® Premier Harness offers an all purpose full body harness suitable for a wide variety of applications including confined space, roof work, maintenance, elevated work platforms, general construction and more. The WORKMAN® Premier Harness is light weight, easy to don and includes added comfort features, making it a suitable choice for all day wear.

The self contained tag pack and integrated load indicator make harness inspections simple. Couple with our WORKMAN® Spreader Bar for vertical positioning into and out of a confined space. Certified to AS/NZS 1891.1:2007.

## Applications

- Construction
- Maintenance
- Roof Work
- Mining
- Descent and Rescue
- Scaffolding
- Elevated Work Platforms
- Confined Space
